

DPD-0556-61

30 January 1961

MEMORANDUM FOR: Acting Chief, DPD-DD/P

SUBJECT : Alterations of Air Section and Air Maintenance  
Section Space

25X1A

1. On 17 January 1961 [REDACTED] requested that a drawing, utilizing present Air Section and Air Maintenance space, be prepared to provide a secure Air Section area. This area to be divided into air conditioned office space, briefing room, control room and planning room. (See attached plan). The briefing room to be equipped with eight 5 X 8 panel boards, drapes on four sides and soundproofing. The estimated cost for revamping this area is approximately \$26,150. It is believed that the Project would have to provide funds for this alteration as the Office of Logistics did not plan it in their 1961 Fiscal Year Budget.

2. It is the understanding of this office that the entire DPD complex will be moving to the new Headquarters building the latter part of this calendar year. Considering this move, it is questioned as to whether funds should be spent for alterations at this time. Your comments are solicited in order that action may be taken to submit necessary work orders should it be decided that the alterations will be accomplished.
